

CAREER OBJECTIVE

As an enthusiastic MCA student, I seek to launch my career as a full-stack web developer with a focus on the MERN stack. Skilled in MongoDB, Express.js, React.js, Node.js, JavaScript, HTML, CSS, and proficient in Python with its libraries, C, and SQL. Eager to contribute to innovative projects, enhance technical expertise, and gain hands-on industry experience in a reputed organization.

APRIL 2017 - APRIL 2018

PROJECTS

Campus Finds

Aug 2025 – Nov 2025

- Built a MERN stack web app for managing campus lost & found items with user and admin panels.
- Admin handles claims, verification, feedback, and user management; users can report lost/found items and submit complaints.
- Developed a responsive, interactive UI for seamless tracking and communication.

Grocery Picker

Mar 2025 – Apr 2025

- Developed a web app for grocery selection and cart management using HTML, CSS, and JavaScript, incorporating algorithms like fractional and 0/1 knapsack for optimized cart management.
- Implemented interactive features such as item selection, dynamic cart updates, and price tracking, while focusing on a user-friendly, responsive UI design for cross-device usability.

Netflix UI Replica

Feb 2025 – Apr 2025

- Developed a front-end clone of Netflix showcasing authentication and UI behavior using HTML, CSS, and JavaScript.
- Simulated user login flow and dynamic content display to mimic a real-world streaming service experience.

Linkedin-Replica

Aug 2024 – Dec 2024

- Created a LinkedIn-inspired web application using HTML, CSS, and JavaScript, featuring a login page, dynamic home page, post creation, and profile viewing.
- Built a responsive and user-friendly frontend interface replicating LinkedIn's core functionalities.

SKILLS

Technical:

- Programming Languages:** C, Python, Javascript
- Web Technologies:** HTML, CSS
- Libraries/Frameworks:** Numpy, Pandas, Matplotlib, Seaborn, Bootstrap, jQuery, React.js
- Backend & Runtime:** Node.js, Express.js
- Tools / Platforms:** VS Code, Jupyter Notebook, Excel, Power BI, Tableau
- Databases:** MySQL, MongoDB

Soft Skills: Leadership, Team Collaboration, Problem-solving.
